 - Reported progress to project management office and senior management weekly
- Successfully managed fiber deployment for Egypt National Railways Modernization Project

Fiber OpticFTTHOSP Railway Systems

Fiber Misr – Alstom — Egypt

Jan 2017 – Jan 2018

Site Manager

Telecommunications / Rail / Fiber Infrastructure

- Managed fiber optic network deployment for railway modernization programme
- Coordinated between Fiber Misr and Alstom project teams to ensure seamless delivery
- Supervised installation, testing and commissioning activities across multiple sites
- Managed site documentation, progress reporting and quality assurance

Fiber Optic OSP Railway Testing & Commissioning

PROFESSIONAL EXPERIENCE (CONTINUED)

Norconsult — Supporting Saudi Telecom Company (STC), Riyadh, Saudi Arabia

Dec 2007 – Dec 2017 (10 Years)

Senior Project Control Engineer / Planning Engineer

Telecommunications / PMO Consulting | Client: Saudi Telecom Company (STC)

- Managed planning, scheduling, progress monitoring and project controls for STC fixed network programmes across the Kingdom of Saudi Arabia for a continuous 10-year period
 - Prepared and maintained master programme schedules using MS Project and Primavera P6 for complex multi-region rollout programmes
 - Developed and maintained KPI dashboards and executive performance reports for STC senior management and board-level stakeholders
 - Designed and developed ERP system for project tracking and data management using MS Access VBA — significantly improving programme visibility and controls efficiency
 - Created and maintained Work Breakdown Structures (WBS) for complex multi-region telecom projects
 - Monitored FTTH, FTTx, OSP and ISP rollout programmes across multiple concurrent workstreams
 - Coordinated with STC regional directors, project teams and contractors on daily and weekly basis
 - Produced weekly, monthly and executive progress reports for STC senior management and PMO
 - Managed change control, risk registers and issue logs throughout programme lifecycle
 - Supported commercial management, contract administration and supplier performance monitoring
 - Managed programme governance, PMO reporting frameworks and document management systems
- 10 continuous years supporting STC's national fixed network expansion — outstanding client retention
 - Developed ERP tracking system (MS Access VBA) that transformed project controls operations
 - Managed planning and controls for 20+ major FTTH and OSP rollout projects simultaneously
 - Made significant contribution to STC's national FTTH network rollout across all regions of KSA

MS Project Primavera P6 MS Access VBA SQL Excel FTTH FTTx OSP ISP Power BIER PPMOEVM

Millentech Systems — Cairo, Egypt

Sep 2006 – Dec 2007

Project Manager

Telecommunications / ICT

- Managed ICT and telecommunications projects end-to-end from initiation through delivery
- Planned, scheduled and monitored project delivery against baseline programmes
