Location: Riyadh, KSA
Driving Licence: Yes
Military Service: Completed

EXECUTIVE PROFILE

PMP®-certified Projects Director and PMO Executive with over 25 years of international leadership delivering telecommunications, digital infrastructure and capital investment programmes across Saudi Arabia, Egypt and Sudan. Deep expertise in FTTH/FTTx rollout, OSP/ISP delivery, PMO governance, project controls and executive reporting. Recognised for building high-performance teams, developing ERP and KPI systems, and translating complex programme data into clear board-level decisions. Equally strong in technical depth and commercial management.

PROFESSIONAL EXPERIENCE

AlSharq Office Company

Jan 2024 – Present

Project Control Manager

Riyadh, Saudi Arabia · Telecommunications & Electrical Engineering

- Lead planning, budgeting, forecasting and delivery of concurrent telecom and electrical projects.
- Manage subcontractors, engineering teams, risk registers and executive KPI dashboards.
- Drive programme governance improvements, change control and client reporting.

Egyptian Company for General Contracting

Jan 2023 – Jan 2024

Projects Director – Telecommunications

Cairo, Egypt · Telecommunications / General Contracting

- Directed end-to-end delivery of FTTH, FTTx and OSP infrastructure programmes across multiple concurrent contracts.
- Managed full project lifecycle — cost, quality, risk, commercial and stakeholder engagement — reporting to board level.
- Led multidisciplinary engineering teams and contract administration across all active projects.

Sabbour Consulting

Jan 2020 – Jan 2023

Lead Consultant Project Manager

Cairo, Egypt · Infrastructure / Smart Systems / ELV

- Led ELV, BMS, CCTV, Fire Alarm and FTTH delivery for the Egyptian International Olympic Games City (ACUD) — a national prestige project in Egypt's New Administrative Capital.
- Managed New Administrative Capital Fiber Network: planning, design, procurement and implementation.

- Stakeholder management with ACUD (government body); oversaw budgets, schedules and QA across all workstreams.
- Both major projects delivered on schedule — including a high-profile national deadline.

Benya Systems & Fiber Misr – Alstom
Jan 2017 – Jan 2020

Senior Site Manager / Site Manager

Egypt · Railways / Fiber Optic Infrastructure

- Managed fiber optic deployment for Egypt National Railways Modernization Project (ENR client) — supervising installation, testing, commissioning, quality control and site teams.
- Coordinated between Fiber Misr and Alstom engineering teams; maintained progress reporting to PMO.

Norconsult (Supporting Saudi Telecom Company – STC)
Dec 2007 – Dec 2017

Senior Project Control Engineer / Planning Engineer

Riyadh, Saudi Arabia · National FTTH/FTTx Rollout · 10 Years

- Managed planning, scheduling, progress monitoring and project controls for STC's national fixed network programmes (FTTH, FTTx, OSP and ISP rollouts across all KSA regions).
- Developed and maintained master programme schedules (MS Project / Primavera P6) and executive KPI dashboards for STC senior management and board.
- Designed and built an ERP system (MS Access VBA) for project tracking, materials and reporting — significantly improving programme controls efficiency.
- Produced weekly, monthly and executive progress reports; managed change control, risk registers and PMO governance frameworks.
- Retained by client for 10 continuous years — delivered controls support for 20+ concurrent FTTH/OSP projects.
- ERP tool adopted programme-wide, directly improving visibility and reducing reporting effort.

TRAINING

PMP Exam Prep Course
 Jupiter Training Center, 2007

CCNA Certification Training
 Cisco, 2001

Digital & Analogue Electronics
 South Cairo Institute, 1994

Cisco Products (Switches/Routers)
 Cisco Systems

COMMERCIAL SKILLS

Contract Administration	CAPEX / OPEX Management	BOQ Preparation	Procurement & Vendor Mgmt
-------------------------	-------------------------	-----------------	---------------------------

DIGITAL / ERP

ERP Development (VBA)

Power BI Dashboards

SQL / MS Access

VB.NET / ASP.NET

AutoCAD / MS Visio

EARLIER CAREER

Millentech Systems

Sep 2006 – Dec 2007

Project Manager

Cairo, Egypt · Telecommunications / ICT

Managed end-to-end delivery of ICT and telecom projects; planned schedules, led teams, managed subcontractors and reported to senior management.

MITT Company – Sudan Branch (Siemens Subcontract)

Sep 2005 – Sep 2006

Project Engineer

Sudan · External Telecom Network / Turnkey Delivery

Site engineer on external network projects; schedule control (MS Project), WBS creation, progress reporting, materials and warehouse management.

Compumagic International

Sep 2004 – Sep 2005

Assistant General Manager

Cairo, Egypt · IT / ICT — Ministry of ICT Partner

Supervised PBX/LAN installation; designed MS Access VBA accounting and attendance system; RMA and Intel payment programme management.

Siemens AG – Egypt

Jun 2000 – Sep 2004

Project Control & Monitoring Engineer – External Network

Cairo, Egypt · Telecommunications · 4+ Years

- Monitored construction progress and materials for external network projects across Egypt; controlled Siemens warehouse.
- Built MS Access programme for project progress, materials tracking and warehouse control — adopted company-wide.
- Prepared BOQ for client approval; WBS creation and weekly progress reports vs. baseline.

El Gezirah Sheraton Hotel · Egyptian Armed Forces (Air Defence)

1997 – 2000

Shift Engineer / Military Officer (Service Completed)

Supervised hotel M&E systems (HVAC, electrical, plumbing); preventive maintenance scheduling. Preceded by mandatory military service as officer in Egyptian Air Defence Forces.
